

Looking for a new career?

The construction industry is **fast-growing** and offers women the opportunity to earn a **living wage**.

Apply for our **free, 12-week construction trades job training program for women** and learn the basics of **painting, carpentry, electrical, plumbing, and other trades skills**.

No experience? No problem! Our program is designed for beginners who are starting out in the trades. After graduating, we'll help you find an entry level job or continue your education at a community college.

Trainees receive:

- + Hands-on trades training with on-the-job practice
- + \$2,500 stipend over the course of the program
- + Job placement assistance
- + Career coaching
- + Financial management coaching
- + First Aid and CPR Certification
- + Free gym membership
- + Support from an all-female class of trainees and advice from women with experience in the industry
